Grow by FarmHer Tour Lines Up Three Stops in Midwest
Grow by FarmHer returns for events in Kansas, Oklahoma and Missouri

Des Moines, IA—FarmHer is excited to announce a spring Grow event tour with three stops in Kansas, Oklahoma and Missouri. Events will take place in Manhattan, KS on Tuesday, April 2; Stillwater, OK on Thursday, April 4 and Columbia, MO on Friday, April 5.

Grow by FarmHer events are designed to inspire, educate and encourage young women to pursue their passion for agriculture. A limited number of tickets are available and, thanks to the generous support of Nationwide Insurance and Corteva Agribusiness, there is no cost for young ladies to attend.

Whether Grow participants are looking to expand their interests in agriculture, continue their education in the many diverse ag-related majors, or are wondering what their future career opportunities might be, this event is a great way to connect with mentors and the women who are leading the industry.

“Our goal with the Grow series of events is to show young women that they can do anything they set their mind to,” said Marji Guyler-Alaniz, President and Founder of FarmHer. “Through FarmHer we live the motto, if you can see it, you can be it, and that is exactly what Grow will show these women who will play a significant role in the future of agriculture. By bringing together today’s successful women in the industry with the next generation of leaders, we aim to help these young women ‘Grow’ as a FarmHer.”

A lineup of dynamic speakers will headline the Grow by FarmHer tour. Carey Portell, a Missouri farmer and feature on an upcoming episode of FarmHer on RFD-TV, will share her life-changing story and message about overcoming challenges to achieve success. Marji Guyler-Alaniz will also share the purpose and mission behind the FarmHer brand. A host of other powerful women will join the tour along the way through panel discussions and networking opportunities.
Registration is now open at FarmHer Grow Tickets. For updates, follow @FarmHer1 on Facebook, Twitter and Instagram.

**About FarmHer:**
FarmHer was founded in 2013 to change the image of agriculture, depicting women taking an active role in the industry through photographs and by sharing their stories. It quickly became clear that women in agriculture not only appreciated FarmHer, but they needed it. And they asked for more. Today, FarmHer has grown into much more than just a gallery of images; it is changing the way people perceive a farmer. Through events, a weekly TV and radio show, podcast and lines of merchandise, FarmHer continues to update image of agriculture to include women. Women are rising to the forefront of agriculture and FarmHer is excited to be a driving force behind this effort. Learn more at www.FarmHer.com.
